INSET Day –

Friday 22nd May 2015

(School closed to ALL pupils)

Headteacher's Message

Just a quick reminder about Parents' Evening on Thursday (26th) next week. It starts at 4.00pm and finishes at approximately 8.30pm. Please help us to keep to our timings by arriving promptly for your appointment time.

Appointments are for ten minutes and teachers will aim to give you all the relevant information about how your child is progressing this year, what their attitude and behaviour is like and what they need to do to improve further.

If your appointment needs to be for longer than 10 minutes feel free to ask the teachers to have a further meeting after school on a different day.

Also happening on Thursday are the parental surveys. We genuinely want and need your views of the school, both good and bad. If something happens that you don't like or think could be better organised, then this is your chance to let us know so that we can act on it. If we don't know, we can't fix it. Face to face is better than Facebook! Also if we do something well and you want more of the same then let us know that too. Remember there are three good raffle prizes available for every family that takes part.

Pupils staff and governors will also be surveyed about their views separately. We are committed to improving this school to be the best that it can be and we need you to help us do that.

Don't forget that the **Book Fayre and Dance video** will be on display in the Main Hall. The leadership team and I will be on hand to discuss any other concerns you may have and so will Mrs Clarke (SENCO) who will happily speak to parents about children that she works with in school or those parents who may have concerns about their child.

Fun games for young children to play at home with family members:

Eye Spy – For younger children play eye spy with colours and shapes instead of letters.

What's my... animal, dinosaur, shape, food etc. You get three clues which describe something and you have to guess the answer.

Great for developing language skills.

Memory games – matching pairs is brilliant for expanding memory skills.

Dot to Dots – great for drawing and developing early knowledge of number sequences.

Students of the Week

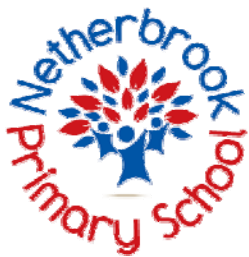

W/C – 16/03/2015

- Year 1 – Evie H
Tyler B
- Year 2 – Alfie H
Molly C
- Year 3 – Summer V
